

Note d'information base CCAM double tarif version 39

✓ **Objet** : Diffusion de la version 39 de la base CCAM double tarif

Les mises à jour de la base CCAM (version 39) peuvent être faites selon votre procédure habituelle.

Pour les CTI, ne pas oublier d'actualiser également la base utilisée pour la consultation dans Webvisu.

Les fichiers CACTOT et CAMTOT reprennent l'ensemble des historiques CCAM Version 1 à 39.

La version 39 de la CCAM permet la mise en œuvre au 01/01/2015 :

- du passage au tarif cible de 3 763 Codes Actes / activités / phases pour les médecins de secteur 1 et de secteur 2 adhérents au CAS (contrat d'accès aux soins)
- de la suppression des modificateurs O, X, I et 9

conformément à l'avenant 8 à la convention médicale signé le 25 octobre 2012 et publié au JO du 7 décembre ainsi que la décision du 9 septembre 2014 de l'Union Nationale des Caisses d'Assurance Maladie relative à la liste des actes et prestations pris en charge par l'Assurance Maladie, publiée au JO du 18 novembre 2014.

Toute consultation ou téléchargement de cette base doit s'accompagner impérativement de la consultation ou du téléchargement des Dispositions Générales et Dispositions Diverses, présentant l'ensemble des règles tarifaires à appliquer pour la CCAM, qui sont modifiées avec la version 39.

Informations techniques

La v39 (ainsi que les futures versions) est diffusée sous 2 formes :

- Un packaging « nouvelle structure » (Fichiers .dbf et Fichiers NX)
- Deux packagings « ancienne structure » (un packaging par grille tarifaire avec (Fichiers .dbf et Fichiers NX)

Dans les fichiers NX « nouvelle structure », une anomalie a été relevée sur le type enregistrement « 320 », dont l'initialisation de la séquence est erronée (le 1^{er} enregistrement « 320 » de chaque « 310 » devrait avoir la séquence « 01 », ce qui n'est pas le cas à partir du 2^{ème} « 310 »).

Un correctif sera apporté dans une prochaine version.

Contenu de la version 39

La version 39 modifie la CCAM de la façon suivante :

✓ **Suppression des modificateurs O, X, I et 9 :**
